

# Scuba Diving

**Tuesday 7pm – 8.15pm by OJ's, 8.30pm – 10pm on Poolside**

Ever wanted to try scuba diving, or already have some experience of diving and would like to do more?

Y DIVE is a branch of the British Sub Aqua Club, but we welcome divers with PADI or other diving qualifications to join. We are a club rather than a commercial dive school, and a one-off fee covers all the training you will ever do with us.

We organise regular trips to dive in Britain and also to dive abroad. We run regular training courses throughout the year for new divers and further training for those already qualified to dive.

## PLEASE NOTE

The branch has equipment available for members to use during pool training. For more details about the different levels of training we offer, or how to get started, pop along – or drop us an e-mail.
